CONSOLIDATE ALL OF YOUR SCHOOL DISTRICT'S PAYMENTS WITH MYSCHOOLBUCKS™ FROM HEARTLAND SCHOOL SOLUTIONS

School districts accept a variety of payments every day, ranging from yearbook orders to athletic and club dues to daily meal payments. Heartland's secure online payment portal, mySchoolBucks™, consolidates **all school payments** through a single interface, eliminating headaches associated with multiple reporting systems and greatly simplifying payment reconciliation.

Through the **Purchase History** feature, parents are able to track their children's daily purchases, including cafeteria items. Plus, with low balance alerts and **automated reloads**, late charges will be a thing of the past. With **24/7 availability** and the option to pay using credit cards, debit cards or electronic checks, making school payments has never been so easy.

“ It's really a load off my mind not to have to worry about sending a check with my daughter all the time. I can just pay online and be done with it. ”

The screenshot shows the mySchoolBucks.com website. The main content area displays the 'Student Purchase History' for James Dolan, showing a list of cafeteria purchases over time. The table includes columns for Date, Account, Item, Payment Type, Amount, and Balance.
